

MIM - Opening templates when covering for another Provider

When covering for another nurse and working with a different provider, you will want to use that providers templates. Currently you only see the templates associated with your default provider. In order to see the other doctors templates follow the below instructions.

1. Open the patient like normal and click on the chart note entry icon.
2. Click on the search icon.

3. Click Find Now
4. Look for template with the Providers Initials (CB, JB, etc)
5. Double-click on the one you want to use
